PROFESSIONAL BACKGROUND

AUTORISE- FOUNDER, AI CONSULTANT & BUILDER (JAN 2026 - TODAY)

Launched an agency dedicated to reclaiming 3–5 hours per week for mission-driven organizations and essential professions. By automating repetitive workflows, I enable teams to refocus on high-value human work: innovation, community support, and social impact.

Skills & Capabilities: Problem Discovery (audit) • Strategic Automation & Impact • AI Strategy Product & Product Architecture • Data Orchestration • Stakeholder Management

DECATHLON DIGITAL- DATA PRODUCT MANAGER (JAN 2023 - TODAY)

Managing CRM data products across 60+ international markets, building analytics tools and data pipelines to optimize marketing campaigns. Leading cross-functional teams to transform raw campaign data into actionable business insights through custom software solutions and dashboards.

Skills & Capabilities: Data ingestion & transformation • Data quality management • Behavioral testing • Continuous Discovery • Data Discovery • Software development • Strategic planning • Stakeholder management

EASYENCE - PRODUCT MANAGER (JAN 2022 - JAN 2023)

Leading product strategy and development for marketing attribution and e-merchandising solutions. Conducting user research, defining product roadmaps, and managing product delivery from conception to launch.

Skills & Capabilities: Product discovery • User research • Strategic planning • Roadmap development • Backlog management • Design thinking • Product delivery

EASYENCE - PRODUCT SUCCESS MANAGER (OCT 2018 - DEC 2021)

Managing international client portfolios for marketing attribution solutions, driving customer retention and growth while serving as the bridge between clients and product development teams.

Skills & Capabilities: Account management • Customer retention • Cross-selling & upselling • Tech project management • Client-Developer Coordination • User Onboarding

ROYAL EXCEL MOUSCRON - MARKETING PROJECT MANAGER (AUG 2016 - JUNE 2017)

Developing comprehensive digital marketing strategies for a professional football club, creating fan engagement initiatives and optimizing stadium experiences, resulting in 40% increase in season ticket sales.

Skills & Capabilities: Digital strategy • Social media management • Fan engagement • Data analysis • Campaign management • Stakeholder coordination • Revenue growth
